

Parts:

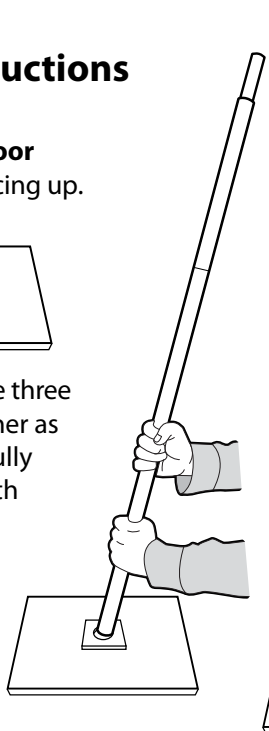

Assembly Instructions

- 1 Place base on floor** with hole side facing up.

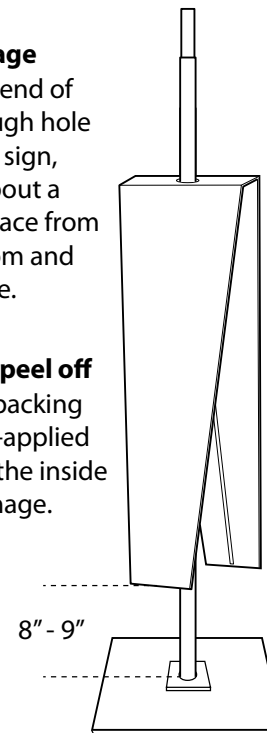

- 2** Next, connect the three pole parts together as one, and insert fully into the Base, with inner sleeve end facing up.

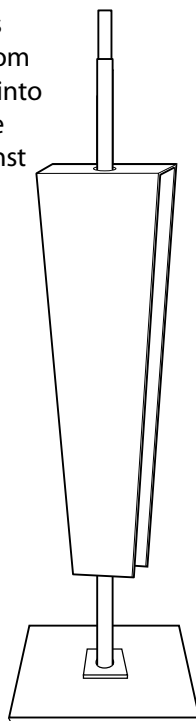

- 3 Add signage**
Insert top end of pole through hole in bottom sign, leaving about a 8" to 9" space from sign bottom and top of Base.

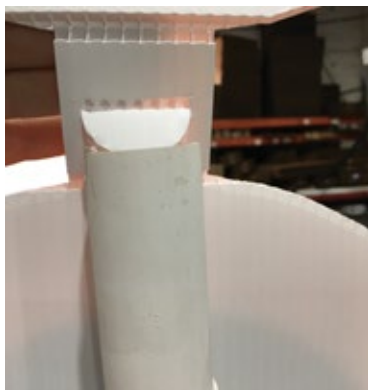

- 4 Carefully peel off** adhesive backing of the pre-applied velcro on the inside of the signage.

- 5** Press bottom sign into place against pole.

- 6** Place top sign onto top of pole - * do NOT attempt to push pole through top sign. Instead, push the "half moon" tab down into the open end of pole.

- 7** Peel off adhesive backing of the pre-applied velcro on the inside of the signage.

- 8** Press top sign into place against pole.
